

# WORKING TOGETHER

## Ring Power Can Help Government Agencies With:

**Budgetary Quotes** — Ring Power is available to provide budgetary quotes to help ensure appropriate funding has been allocated.

**Bid Specifications** — Available online at GOVBIDSPEC.com or through your Ring Power Governmental Sales Department.

**State Contract Procurement Options** — Ring Power has numerous machines available on the State Contract & Sheriff's Bid making procurement fast and easy!

**Federal Contract Procurement Options** — Ring Power honors federal contract pricing, such as the Heavy Equipment Procurement Program (HEPP), this "DLA" program is designed to support the acquisition of "commercial-type" heavy equipment used by a variety of military and other federal government agencies.

**Procurement Piggyback Options** — Ring Power tracks government bidding throughout the state and around the country. Chances are if you need a machine there's been a bid award you can piggyback.

**Government Financing & Service Options** — Ring Power offers a wide variety of governmental financing options from rentals and purchases to governmental leases. These purchasing options can be combined with machine service contracts, repair and repurchase guarantees that help protect your agency and the taxpayer from the surprise costs of unexpected repairs that contribute to budget shortfalls.
